

# Paediatric Plastic Surgery

Gentle, Expert Care for  
Your Precious Little One

**fernandez**

Built for Birthing

**At Fernandez, we believe that paediatric plastic surgery isn't just a mini version of adult procedures – it's a warm, caring approach that truly caters to your child's unique needs.**

We proudly serve boys and girls from newborns to 16-year-olds, ensuring that every treatment is designed to be as gentle and comforting as possible for both your child and your family.

## Our Specialised Approach

Our dedicated team of specialists embrace a compassionate, child-centered philosophy. Recognising that each young patient is unique, we design our care protocols to minimise discomfort and anxiety, employing techniques that address both the physical and emotional needs of our patients.

## Our Range of Services

### PLASTIC SURGERY FOR CONGENITAL DEFECTS

We provide expert care for children born with **various congenital anomalies**, ensuring early intervention and long-term support:

- **Cleft and Craniofacial Anomalies:** Restoring function and appearance through advanced surgical techniques.
- **Paediatric Hand and Lower Limb Surgery:** Enhancing mobility and quality of life with precise reconstructive procedures.
- **Vascular Anomalies:** Addressing complex vascular issues with innovative, tailored solutions.
- **Microtia and Ear-related Anomalies:** Rebuilding ear structures to improve

aesthetics and hearing potential.

- **Obstetric Brachial Plexus Injuries:** Offering corrective surgeries that enhance limb function and strength.
- **Urogenital Anomalies:** Providing sensitive, individualised treatment plans for congenital genital differences.

## PLASTIC SURGERY FOR ACQUIRED DEFECTS

**We also specialise in treating defects acquired after birth, ensuring that every child can recover their health and confidence:**

- **Trauma:** Expert reconstruction to restore form and function following injuries.
- **Infections:** Surgical intervention for conditions resulting from or complicated by infections.
- **Tumours:** Safe and effective removal and reconstruction to support a full recovery.
- **Burns:** Comprehensive burn care that focuses on healing, reconstruction, and long-term rehabilitation.

## Family-Centred Care

At Fernandez, our mission is to provide exceptional paediatric plastic surgery in an environment designed to ease the stress and worry that comes with medical procedures. Our caring team works closely with parents, ensuring that every step – from consultation to recovery – is handled with empathy and expertise.

## Meet Your Specialist

With over a decade of distinguished experience in clinical and surgical practice, **Dr Raghuveer Reddy** is recognised as one

of Hyderabad's leading plastic surgeons. He holds an M.Ch in Plastic and Reconstructive Surgery from the esteemed Amrita Institute of Medical Sciences in Kochi. Known for his proficiency in advanced surgical techniques, Dr Raghuveer specialises in a range of procedures.

Dr Raghuveer's commitment to excellence extends globally. He further honed his skills at the renowned Nagata Ear and Plastic Surgery Clinic in Japan, where he engaged in a comprehensive observership to expand his expertise. His contributions to the field of plastic surgery go beyond observation; he has played a key role in pioneering surgical milestones in India.

Notably, he was part of the teams that performed the country's first three bilateral hand transplants and the first tracheal transplant, marking significant achievements in the medical field.
